ToothSavers

Important Health Information

Dear parent or guardian,

Great news! Our school has partnered with ToothSavers to offer dental care at school.

Best of all, in most cases there is **no cost to you** if your child is insured with Medicaid/CHIP! Private insurance and affordable self-pay options are also available.

Easy & Convenient

Having your child seen by the dental team at school saves you valuable time. Top quality care is provided by local dental professionals in the familiar surroundings of your child's school. Dental care includes oral health screenings, sealants, fluoride, and silver diamine fluoride (SDF).

Keep Your Child Healthy

Children who get dental care regularly may have fewer health issues like:

- Early tooth loss due to dental decay
- Gum disease
- Heart disease
- Impaired speech development

Sign up today!

Look for a permission form from school, or **sign up online now at www.MySchoolDentist.com**

Don't wait. Be sure your child is signed up and ready to see the dental team at no cost to you (for children with Medicaid/CHIP.)

Thank you!
